INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Donalsonville, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Donalsonville, Georgia as of and for the year ended May 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the Statement of Revenues, Expenditures and Changes in Fund Balances- Budget and Actual for the major- general fund on page 18 of the City of Donalsonville, Georgia, as of May 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and retirement system information on pages 6–11 and 45–48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Donalsonville, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements on pages 49-71, and statistical section on pages 72-73 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections, pages 1 and 72-73, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by the Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2019, on our consideration of the City of Donalsonville, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Donalsonville, Georgia's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Donalsonville, Georgia, we offer readers of the City of Donalsonville's financial statements this narrative overview and analysis of the financial activities of the City of Donalsonville for the fiscal year ended May 31, 2019.

Financial Highlights

- The assets of the City of Donalsonville exceeded its liabilities at the close of the most recent fiscal year by \$14,081,155. Of this amount, \$2,102,227 may be used to meet the government's ongoing obligations to citizens and creditors. This is a decrease of \$102,219 from the prior year.
- The City's governmental activities net position increased by \$74,064 and the business-type activities increased by \$156,864, for a total increase in net position of \$230,928.
- As of the close of the current fiscal year, the City's governmental fund reported ending fund balance of \$919,855, an increase of \$306,195 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$878,306, or 26% percent of total general fund expenditures. In the prior year, unassigned fund balance was 27% percent of total general fund expenditures.
- The City's total debt decreased by \$80,898 during the current fiscal year.
- In the City's business-type activities, operating revenues increased by \$8,934 from the prior year while operating expenses increased by \$105,033, for a total operating income decrease of \$96,099.
- The resources available for appropriation were \$58,385 less than budgeted for the general fund and our actual expenditures were \$13,679 more than budgeted.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Donalsonville's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. *The government-wide financial statements* are designed to provide readers with a broad overview of the City of Donalsonville's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Donalsonville's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Donalsonville that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include the general fund which includes the general government, public safety, highways and streets, sanitation, economic development, and culture and recreation, as well as a Special Revenue Fund, which accounts for the Hotel/Motel Taxes and three Capital Project Funds, which account for the Special Purpose Local Option Sales Tax revenue, and Chip Grant. The business-type activities of the City include the Water and Sewer Fund, the Gas Fund, the Solid Waste Fund, and the E-Donalsonville Fund.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate Downtown Development Authority for which the City is financially accountable. Financial information for this *component unit* is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 13 and 14 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City has five governmental funds. The general fund is a major fund, SPLOST V is a major Capital Project Fund, the Hotel/Motel Tax Fund is a nonmajor Special Revenue Fund, TSPLOST Fund is a nonmajor Capital Project Fund, and CHIP Grant Fund is a nonmajor Capital Project Fund.

The City adopts an annual appropriated budget for its general fund and special revenue fund. Budgetary comparison statements have been provided for the general fund and the special revenue fund to demonstrate compliance with this budget.

The basic governmental funds financial statements can be found on pages 15 through 18 of this report.

Proprietary funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water and Sewer Fund, Gas Fund, Solid Waste Fund and E-Donalsonville Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, the Gas Fund and the Solid Waste Fund. The Water and Sewer Fund and the Gas Fund are major funds and the City has elected to treat the Solid Waste Fund as a major fund also.

The basic proprietary fund financial statements can be found on pages 19 through 22 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 23 through 44 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 45-48 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$14,081,155 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (87 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Donalsonville's Net Position

	Governmental activities		Business- type activities		Total	
	2018	2019	2018	2019	2018	2019
Current and other assets	\$ 804,259	\$ 1,110,896	\$ 2,338,702	\$ 1,868,216	\$ 3,142,961	\$ 2,979,112

\$142,418 of the City's net position is restricted. The *unrestricted net position* of \$2,102,227 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as its business-type activities.

Governmental activities. Governmental activities increased the City's net position by \$74,064. Key elements of this increase are as follows:

City of Donalsonville's Changes in Net Position

	Governmental activities		Business-type activities		Total

Net position - ending	\$ 4,313,444	\$ 4,387,508	\$ 9,536,783	\$ 9,693,647	\$ 13,850,227	\$ 14,081,155

Business-type activities. Business-type activities increased the City's net position by \$156,864, an increase from the prior year in the amount of \$431,515.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is one of the governmental funds of the City. As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$919,855, an increase of \$306,195 in comparison with the prior year. \$878,306 of this fund balance is available for spending at the City's discretion.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Fund at the end of the year amounted to \$803,003, the Gas Fund \$893,681, the Solid Waste Fund \$7,039, and the E-Donalsonville Fund (\$109,946), for a total unrestricted net position of \$1,593,777. Other factors covering the finances of these three funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

There were changes between the original budget and the final amended budget in total revenues and appropriations.

	Original	Final	Variance
Property taxes	\$ 1,062,721	\$ 1,098,569	\$ 35,848
Intergovernmental revenue	204,530	204,642	112
Investment earnings	8,158	33,158	25,000
Miscellaneous revenues	55,410	64,043	8,633
Reserves	-	152,128	152,128
Total	\$ 1,330,819	\$ 1,552,540	\$ 221,721

Capital Asset and Debt Administration

Capital assets. The City's net investment in capital assets for its governmental and business type activities as of May 31, 2019, amounts to \$12,264,507 (net of accumulated depreciation and related debt). This investment in capital assets includes land, buildings and systems, improvement, machinery and equipment, park facilities, roads, and highways. The total increase in the City's investment in capital assets, net of depreciation and debt, for the current fiscal year was \$615,726.

Total	\$ 4,754,696	\$ 4,588,870	\$ 12,797,454	\$ 13,338,267	\$ 17,552,150	\$ 17,927,137

Additional information on the City's capital assets can be found in Note III. C. on pages 30-31 of this report.

Long-term debt. At the end of the current fiscal year, the City had total capital leases outstanding in the amount of \$599,430 for its governmental funds and \$0 in the proprietary funds. Notes payable in the governmental funds were \$240,000 and proprietary funds were \$220,821. Bonds payable in the proprietary funds were \$5,017,576. Additional information on the City's long-term debt can be found in Note III. E. & F. on pages 33 through 35 of this report. Post closure costs in the general fund total \$12,800 and in the proprietary funds total \$0.

Economic Factors and Next Year's Budgets and Rates

Cost of living in this area has risen over the past few years and the future increases are projected to be significant. Adjustments will likely need to be made in future budgets to compensate for this decline.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information should be addressed to the City Manager, P.O. Box 308, Donalsonville, GA 39845.

Total liabilities, deferred inflows of resources and fund balances	\$ 947,928	\$ 293,287	\$ 145,351	

Amounts reported for governmental activities in the statement of net position are different because:				
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.				4,588,870
Governmental funds recognized expenditures for insurance using this purchases method. However, the Statement of Activities uses the accrual method and, thus, only the amount of insurance benefits are recognized as expense when it is consumed. The unconsumed portion is recorded as an asset.				118,994
Deferred Inflows - Pensions				(150,165)
Deferred Outflows - Pensions				293,967
Net Pension Liability				(487,919)
Accrued interest				(973)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.				(839,430)
Compensated absences and post closure cost				(59,249)
Other assets are not available to pay for current-period expenditures, and therefore are deferred in the funds.				3,558
Net position of governmental activities				\$ 4,387,508

CITY OF DONALSONVILLE, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED MAY 31, 2019

Amounts reported for governmental activities in the statement of activities (page 10) are different because:

Net change in fund balances-total governmental funds (page 12)	\$ 306,195
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.	(165,826)
The issuance of long-term debt (e.g., leases, bonds) provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(64,272)
Expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	5,830
Governmental funds defer all tax revenues not collected within 60 days of year-end. However, the Statement of Activities uses the accrual method and, thus, the entire amount is recognized as revenue, regardless of the collection date.	(17,503)
Governmental funds recognize expenditures for insurance using the purchase method. However, the Statement of Activities uses the consumption method and, thus, only the amount of insurance benefits consumed are recognized.	10,313
Change in NPO and Deferred Inflows/Outflows	(673)
Change in net position of governmental activities (page 10)	<u>\$ 74,064</u>

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting entity

The City of Donalsonville is a municipal corporation governed by an elected mayor and six-member council and provides the following services: public safety, highways and streets, culture and recreation, public improvements and general and administrative services. In addition, the City operates public utilities (water, sewer, natural gas and sanitation).

As required by generally accepted accounting principles, these financial statements present the City and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Discretely Presented Component Units. The Downtown Development Authority of Donalsonville assists local merchants with low interest loans for renovations of downtown properties. The authority consists of a board of seven directors appointed by the City Council. The authority is dependent upon the City at this time for revenue, and the City contributes one-half of the motel and hotel tax collected. The authority is presented as a governmental fund type. Separate financial statements may be obtained by contacting: Downtown Development Authority, P.O. Box 308, Donalsonville, Georgia 39845.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

The City does not allocate indirect costs.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting and financing statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *SPLOST V fund* is the government's major capital project fund. This fund accounts for all SPLOST revenue and the accompanying capital outlay.

The government reports the following major proprietary funds:

The *water and sewer fund* operates the water distribution system, the sewer treatment plant, sewage pumping stations and collection systems, and the sanitation collection within the City.

The *gas fund* operates the distribution of natural gas to the City residents.

The *solid waste fund* does not meet the qualifications for a major fund, but management elected to treat it as a major fund, as it is the only remaining proprietary fund. This Fund accounts for the expenses associated with the closure of a landfill and the revenues received from the city and county for these expenses per their agreement.

The *E-Donalsonville* fund does not meet the qualifications for a major fund, but management elected to treat it as a major fund. This Fund accounts for the expenses associated with the city's wireless internet service.

The government reports the following nonmajor governmental funds:

The *hotel/motel tax fund* is the government's only special revenue fund. This fund accounts for all hotel/motel tax revenue received and the accompanying expenditures.

The *CHIP fund* is the government's nonmajor capital project fund. This fund accounts for all CHIP revenue and the accompanying expenditures.

The *TSPLOST* fund is the government's nonmajor capital project fund. This fund accounts for all TSPLOST revenue and the accompanying capital outlay.

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function, gas function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. The fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, liabilities and net position or equity

1. Deposits and investments

The City of Donalsonville's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The City has authorized its governing officials to maintain deposit investments with financial institutions. There were no legal or contractual violations in regard to these investments during the year.

Investments are stated at cost or amortized cost.

2. Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of allowance for uncollectibles. Trade accounts receivable in excess of 120 days comprise the trade accounts receivable allowance for uncollectibles.

Property taxes attach as an enforceable lien on property as of January 1. Property taxes are levied as of the first day of October each year and are payable by December 20. Property taxes are recognized in income in October upon completion of the tax digest. At May 31, 2019, uncollected property taxes amounted to \$46,038. The City estimates that substantially all of the remaining balances will be received in the subsequent period. After December 20, applicable property will be subject to liens, penalty and interest.

3. Inventories and prepaid items

Expendable supplies are recorded as expenditures at the time items are purchased. The City does not record inventories of supplies on the books.

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid items in both the government-wide and proprietary fund financial statements. In the governmental fund statements those prepaid are recognized when purchased.

Prepaid expenses of the City consist of insurance expenses. The City had prepaid insurance expenses totaling \$148,055.

4. Restricted assets

The City of Donalsonville's restricted assets are cash. They consist of customer deposits and confiscated funds held for the use of the Police Department.

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City had historical cost records of its infrastructure, thereby allowing us to record infrastructure acquired prior to implementing Statement 34. Capital assets are defined by the government as assets with an individual cost of \$1,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government are depreciated using the straight line method over the following estimated useful lines:

<u>Assets</u>	<u>Years</u>
Buildings	40 years
Building improvements	20 years

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Improvements other than buildings	20-50 years
Public domain infrastructure	50 years
System infrastructure	30 years
Machinery and equipment	3 to 20 years
Trucks and tractors	4 to 10 years
Office equipment	5 to 15 years

6. *Compensated absences*

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide and proprietary funds financial statements.

7. *Long-term obligations*

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. *Categories and classifications of Fund Balance*

The City has implemented GASB 54 during fiscal year 2012 [Note IV. H. Fund Balance Determinations and Classifications]. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54, are Nonspendable, Restricted, Committed, Assigned and Unassigned.

9. *Net Position*

Net investment in capital assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction or improvement of assets.

Restricted – This amount is restricted by external creditors, grantors, contributors or laws or regulations of other governments.

Unrestricted – This amount is all net position that do not meet the definition of “invested in capital assets, net of related debt” or “restricted net position”.

10. *Deferred Inflows of Resources*

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports one of these items. One item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

revenues from property taxes. The amounts are deferred and recognized as inflow of resources in the period that the amounts become available.

10. Comparative data/reclassifications

Comparative total data for the prior year have not been presented.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds and proprietary funds. The City's annual budget is prepared based on anticipated revenues and appropriated expenditures. Revenue anticipations, generally conservative, are designed to help insure fiscal responsibility and maintain a balanced budget. Sums sufficient to provide for debt service may not be diverted to any other purpose by the Mayor and the Council. The budget is prepared by fund and department. The legal level of budgetary control is the department level. Transfers between departments require approval of governing council.

According to the Charter and Code of the City, the City Manager has the responsibility for developing both the annual budget and capital budget for the city, which is done in conjunction with input and assistance from the City Clerk. These two budgets are developed separately, and then combined into one budget document, with the budgets for capital expenditures being incorporated as line items in the budget for each general government department.

The budget process begins shortly after the results for the third quarter of the fiscal year are determined, usually in early March. Budget proposals or development forms are issued to department heads for those departments where the budget is developed outside City Hall, along with budget results for the department for the first three quarters of the year. The department heads then compare the performance numbers for their respective departments for the current fiscal year, along with the results of the last quarter of the previous fiscal year to their annual budget expenditures, and from that comparison they structure their budgets and make projections of budget and capital needs for the next fiscal year. When they have completed their projections, they return the budget development forms to the City Manager's office at City Hall.

The City Manager is, during this same period of time, completing the budget development forms for those sections of the budget that are developed within City Hall, such as revenues and general government expenditures, using comparative numbers and information from a budget development file maintained in City Hall where pertinent data is filed as it is gathered throughout the year. The City Manager must also compute the requirements for all sections of the budget dealing with lease/purchase and capital outlays or expenditures.

When the budget development forms for all departments have been turned in to, or completed by City Hall, they are combined into a draft budget document. At this point in the process, usually in early April, budget meetings are held with each department head to discuss their projected budget needs. This step is often completed when the budget development forms are returned. If it is determined during these meetings that adjustments need to be made to any line item in the budget, those adjustments are made and total projected budget expenditures are recalculated and compared with projected revenues to determine the projected ad valorem tax requirements. The projected ad valorem tax requirement is entered as a line item in the revenue section of the general fund budget. The completed document becomes the first draft of a proposed City budget for the next fiscal year.

When the proposed budget for the next fiscal year is completed, it is reproduced in quantity and distributed to the Mayor and Council for their review and study. Next, the first public hearing for the proposed budget

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

is scheduled to review the budget and receive public input into the budgeting process. This is usually done in mid-to-late April. After this hearing is held, and input is received from both the public and the Mayor and Council, further refinements and helpful suggestions are incorporated and the second draft budget document is produced and distributed to the Mayor and Council. Of course, copies of the budget at each stage of the budget process are available for public review at City Hall at all times. Next, a final budget hearing is scheduled and advertised. When possible, this hearing is held in conjunction with the regularly scheduled meeting of the Mayor and Council in May. At this hearing, any final public input is received, and final refinements or changes to the budget are made by the Mayor and Council, after which the budget is adopted as the official budget for the City for the upcoming fiscal year which begins on June 1st of each year. Any changes to the budget thereafter must be adopted as amendments to the official city budget.

Encumbrance accounting is employed in governmental funds. Encumbrances recognize purchase orders, contracts, and other commitments for expenditures not fully expended at year end. The City's outstanding encumbrances do not constitute expenditures or liabilities. The commitments will be re-appropriated and honored during the subsequent year.

B. Deficit fund balance

During the current fiscal year, the Hotel/Motel Tax Fund and SPLOST V Fund had deficit fund balances.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and investments

At year end, the City of Donalsonville's carrying amount of deposits was \$2,423,255 and the bank balance was \$2,463,046. All deposits are entirely insured or collateralized. Of the bank balance, \$500,000 was covered by federal depository insurance or by collateral held by the City's agent in the City's name. The remaining balance of \$1,963,046 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name, and \$0.00 was collateralized with securities held by the pledging financial institution's trust department or agent but not in the government's name.

The following ties the carrying amounts to the Statement of Net Position:

Cash & cash equivalents	\$ 2,297,947
Restricted cash	129,782
Bank overdraft	<u>(3,969)</u>
Total Statement of Net Position	\$ 2,423,760
Less:	
Cash on hand	<u>(505)</u>
Total carrying amount	<u><u>\$ 2,423,255</u></u>

B. Receivables

Receivables as of year-end for the government's individual major and nonmajor funds and major business-type funds, including the applicable allowances for uncollectible accounts, are as follows:

	Governmental			Business-type			
	General Fund	SPLOST IV Fund	Hotel/Motel Tax Fund	Water/Sewer Fund	Gas Fund	Solid Waste Fund	E-Donalsonville Fund
Receivables:							
Interest	\$ -	\$ -	\$ -	\$ 32	\$ -	\$ -	\$ -
Taxes	118,675	-	2,833	-	-	-	-
Accounts	43,442	-	-	72,158	19,205	-	5,366
Intergovernmental	-	115,024	-	-	-	26,593	-
Net total receivables	<u>\$ 162,117</u>	<u>\$ 115,024</u>	<u>\$ 2,833</u>	<u>\$ 72,190</u>	<u>\$ 19,205</u>	<u>\$ 26,593</u>	<u>\$ 5,366</u>

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Receivables of the General Fund, Water and Sewer Fund and the Gas Fund are reported net of uncollectible amounts. Total uncollectible amounts related to receivables of the current period are as follows:

Uncollectibles related to water and sewer sales	\$	36,689
Uncollectibles related to gas sales		694
Uncollectibles related to E-Donalsonville sales		946
Uncollectibles related to sanitation fees, general fund		15,002
Total uncollectibles for the current fiscal year	<u>\$</u>	<u>53,331</u>

C. Capital assets

Capital assets for the year ended May 31, 2019 were as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 434,401	\$ -	\$ -	\$ 434,401
Construction in progress	-	-	-	-
Total capital assets, not being depreciated	<u>434,401</u>	<u>-</u>	<u>-</u>	<u>434,401</u>
Capital assets, being depreciated:				
Buildings	2,035,235	1,250	-	2,036,485
Improvements other than buildings	292,987	34,984	-	327,971
Machinery and equipment	3,505,891	234,491	(40,300)	3,700,082

E. Leases

Operating Leases

The city has no operating leases at year ended May 31, 2019.

Capital Leases

The City of Donalsonville has a lease agreement as lessee for financing the acquisition of equipment with Ameris Bank dated May 19, 2017. The lease went into repayment on January 10, 2018 with the principal amount of \$466,165. The lease bears an interest rate at 70% of the Wall Street Journal prime rate or such other national publication selected by the lessor that quotes a standard rate if the Wall Street Journal is no longer published. The lease is payable at equal installments of \$5,771 (except for the final payment). The final installment, if not sooner paid, shall be due and payable on January 10, 2023. As of May 31, 2019, the principal balance was \$381,194.

<u>Fiscal Year</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2020	\$ 69,258	\$ 61,327	\$ 7,931
2021	69,258	62,736	6,522

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

The City of Donalsonville has a lease agreement as lessee for financing the acquisition of equipment. The amount of the lease shall not exceed \$350,000 which is available for advance up to December 15, 2018. Each advance will bear an interest rate of 3.73% per annum beginning on the date of each such advance, calculated on the basis of a year of 360 days and the actual number of days elapsed. Beginning on January 10, 2019, and on the same day of each month until April 10, 2024, the Lessee will make monthly payments of principal of the lease amount and interest thereon at the rate of 3.73%, in equal amortized installments (except for the final payment which may be a different amount), until the lease amount is paid in full. The final installment, if not sooner paid, shall be due and payable on April 10, 2024. As of May 31, 2018, the principal balance was \$218,236.

Fiscal Year	Total	Principal	Interest
2020	\$ 75,368	\$ 68,389	\$ 6,979
2021	75,368	70,984	4,384

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Changes in long-term liabilities

During the year ended May 31, 2019, the following changes occurred in liabilities reported in the general long-term debt account group:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Compensated absences	\$ 52,405	\$ -	\$ (5,956)	\$ 46,449	\$ -
Capital lease not in re-payment	64,100	-	(64,100)	-	-
Capital leases	441,058	244,254	(85,882)	599,430	129,716
Notes payable	270,000	-	(30,000)	240,000	30,000
Post closure costs Note V.H.	12,800	-	-	12,800	-
Governmental activities Long-term liabilities	<u>\$ 840,363</u>	<u>\$ 244,254</u>	<u>\$ (185,938)</u>	<u>\$ 898,679</u>	<u>\$ 159,716</u>
Business-type activities:					
Compensated absences	\$ 7,090	\$ -	\$ (214)	\$ 6,876	\$ -
Bonds payable	5,142,242	-	(124,666)	5,017,576	424,997
Notes payable	241,324	-	(20,503)	220,821	20,916
Business-type activities Long-term liabilities	<u>\$ 5,390,656</u>	<u>\$ -</u>	<u>\$ (145,383)</u>	<u>\$ 5,245,273</u>	<u>\$ 445,913</u>

Compensated absences and post closure costs of the City's governmental funds will generally be liquidated by the general fund. Long-term liabilities of the business-type activities will generally be paid from the fund that incurred the liability.

G. Restricted asset

There is no restrictions of net position.

The balances of the City's restricted asset accounts are as follows:

Customer deposit	\$128,158
Police department	1,624
Total restricted assets	<u>\$129,782</u>

H. Fund balance determination and classification

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" established that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. Restricted or committed specific revenue sources should comprise a substantial portion of the fund's resources. If revenues are initially received in another fund, they should not be reported as revenues in the fund receiving them; instead, they should be recognized in the special revenue fund where they will be spent. *The proceeds from these special revenue sources should be expected to continue to comprise a substantial portion of inflows.*

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays. Capital projects' funds exclude those types of capital related outflows financed by proprietary funds.

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The following classifications are used by the City:

General, Special Revenue and Capital Project Funds:

Restricted Fund Balance: the portion of a fund balance that reflects constraints placed on the use of resources other than nonspendable items that are either externally imposed by creditors {debt agreements, grantors, contributors, or laws or regulations of other governments}, or be imposed by law through constitutional provisions or enabling legislation.

Unassigned Fund Balance: that portion of a fund balance that includes amounts that do not fall into one of the above categories. The General Fund is the only fund that should report a positive unassigned balance.

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balances are available, unless there are legal documents/contracts that prohibit the use of restricted fund balance, such as grant agreements that require a dollar match. Additionally, the City would then use committed, assigned and lastly unassigned amounts from the unrestricted fund balance when expending funds. The City does not have a formal minimum fund balance policy.

IV. OTHER INFORMATION

A. Risk Management

The City of Donalsonville is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund.

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all events of litigation arising out of any claim made against the City within the scope of loss protection furnished by the fund.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member government contract. The fund is to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Coverages are as follows:

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities – GIRMA establishes and administers one or more group self-insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

The City of Donalsonville must participate at all times in at least one fund which is established by GIRMA. Other responsibilities of the City are as follows:

- To pay all contributions, assessments or other sums due to GIRMA at such times and in such amounts as shall be established by GIRMA.
- To select a person to serve as a Member representative.
- To allow GIRMA and its agent's reasonable access to all facilities of the City and all records, including but not limited to financial records, which relate to the purposes of GIRMA.
- To allow attorneys appointed by GIRMA to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the Fund or Funds established by GIRMA.
- To assist and cooperate in the defense and settlement of claims against the City.
- To furnish full cooperation to GIRMA's attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of GIRMA relating to the purposes of GIRMA.
- To follow all loss reduction and prevention procedures established by GIRMA.
- To furnish to GIRMA such budget, operating and underwriting information as may be requested.
- To report as promptly as possible, and in accordance with any Coverage Descriptions issued, all incidents which could result in GIRMA or any Fund established by GIRMA being required to pay a claim for loss to

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of a Fund or Funds in which the City participates.

The City of Donalsonville retains the first \$1,000 of each risk of loss in the form of a deductible. The City files all claims with GIRMA. GIRMA bills the City for any risk of loss up to the \$1,000 deductible.

The basis for estimating the liabilities for unpaid claims is "IBNR" established by an actuary.

During the year ended May 31, 2019, the City paid no (0) claims (up to the \$1,000 deductible) totaling \$0. The City has not compiled a record of the claims paid up to the \$1,000 deductible for the prior years. The City is not aware of any claims which the City is liable for (up to the \$1,000) which were outstanding and unpaid at May 31, 2019. No provisions have been made in the financial statements for the year ended May 31, 2019 for any estimate of potential unpaid claims.

The City of Donalsonville provides worker's compensation for its employees through GMA.

The City of Donalsonville also provides health insurance coverage for its employees through the Georgia Municipal Employees Benefit System (GMEBS).

B. Related Party Transaction

The City has no outstanding contracts with any related parties.

C. Subsequent Events

There are no significant subsequent events that the City is aware of as of the date of the audit report.

D. Joint Ventures

The City is currently involved in a joint venture with Seminole County, Georgia for the operation of the Donalsonville-Seminole County Airport. The airport is financially independent of the City and County, and the governments do not retain an equity interest in the airport. All real estate is owned equally by the City and County governments, with the City's respective portion included in its capital assets. A copy of the joint venture's separate financial statements can be obtained from:

Jerry Isler
P.O. Box 671
Donalsonville, Georgia

Under Georgia law, the County, in conjunction with other cities and counties in the eight-county west central Georgia area, is a member of the Southwest Georgia Regional Commission (SWGARC) and is required to pay annual dues thereto. During its year ended May 31, 2019, the city paid \$2,719 in such dues. Membership in SWGARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the SWGARC in Georgia. The SWGARC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of SWGARC. Separate financial statements may be obtained from:

Southwest Georgia Regional Commission
P.O. Box 346
Camilla, Georgia 31730-0346

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

E. Employee retirement systems and pension plans

Plan description. The City maintains an agent multiple employee defined benefit pension plan with the Georgia Municipal Employees Benefit System (GMEBS). The Plan provides retirement, disability, and death benefits to plan members and beneficiaries. Participation in the plan was approved by resolution of the City Council. The benefits provided by the plan, as well as the obligation to contribute to the plan, can only be amended by the approval of the City Council. Employees are not required to contribute to the plan. The Plan is not included in the City's financial statement. A financial report is available by contacting the Burgess Building, Atlanta, Georgia.

The City also participates in the State of Georgia Police Officer's Annuity Program. The City makes no contribution to this plan. Contributions are collected by the City as an agent for this fund through its municipal court system. This plan is administered through the State and is not included in the City's financial statements.

Employees covered by benefit terms. At May 31, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	26
Inactive employees entitled to but not yet receiving benefits	25
Active employees	<div style="border-top: 1px solid black; display: inline-block; width: 50px;"></div> 42
	<div style="border-top: 1px solid black; border-bottom: 3px double black; display: inline-block; width: 50px;"></div> 93

Funding Policy. The funding policy for the plan is to contribute an amount equal to the recommended contribution each year. The recommended contribution meets the guidelines for calculating an annual required contribution set forth in paragraphs 9 – 10 of GASB statement 27. These contributions are determined under the projected unit credit actuarial cost method. The annual recommended contribution is the sum of the normal cost and the level dollar amortization of the unfunded actuarial liability. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is 30 years from 1981 and current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods, if applicable, are closed for this plan year. The remaining amortization period varies for the bases, with a net effective amortization period of 10 years. The current rate of contribution for the City is 8.36% of annual covered payroll. Annual covered payroll for May 31, 2019 was \$1,308,205.

Net Investment Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The difference between the resulting rate and the rate on the ongoing basis is a margin for adverse deviation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of March 31, 2018 (see the discussion of the pension plan's investment policy) are summarized in the following table:

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic equity	45.00%	6.40%
International equity	20.00%	7.40%
Real estate	10.00%	5.10%
Global Fixed income	5.00%	3.03%
Domestic Fixed income	20.00%	1.75%
Cash	0.00%	
Total	100.00%	

Rate of Return: 7.50% On-going basis, based on long-term expected rate of return on pension plan investments.

Significant actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2019, using the following actuarial assumptions, applied to all prior periods included in the measurement:

The significant actuarial assumptions used in the current valuation, as of July 1, 2019 are:

Net Investment Rate of Return	7.50 % per year
Projected Salary Increases	2.75 % plus service based merit
Cost of Living Adjustments	0.00%

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females. The RP-2000 mortality tables were determined to contain sufficient provision appropriate to reasonable reflect future mortality improvement, based on a four-year review of mortality experience for the period January 1, 2010 to June 30, 2014. Mortality experience will be reviewed periodically and updated if necessary.

Net Pension Liability. The components of the net pension liability of participating entities were as follows:

	Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)	Net Pension Liability (NPL) (a)-(b)
Balance at May 31, 2018 *	\$ 3,594,260	\$ 3,359,044	\$ 235,216
Changes for the year:			
Service Cost	64,654	-	64,654
Interest	267,012	-	267,012
Difference between expected and actual experience	75,252	-	75,252
Contributions - employer	-	115,599	(115,599)
Contributions - employee	-	-	-
Net Investment Income	-	22,370	(22,370)

Other	-	-	-
Net Changes	209,399	(74,448)	283,847
Balance at May 31, 2019 **	\$ 3,803,659	\$ 3,284,596	\$ 519,063

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

**Entry Age Normal liabilities calculated using ages and service months as of July 1, 2018 are used to measure TPL as of May 31, 2018. The balances as of May 31, 2018 constitute measurements of the NPL for the fiscal year ending May 31, 2019.*

***Entry Age Normal liabilities calculated using ages and service months as of July 1, 2019 are used to measure TPL as of May 31, 2019. The balances as of May 31, 2019 constitute measurements of the NPL for the fiscal year ending May 31, 2020.*

Discount Rate. The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.50%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

	1% Decreases 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
Sensitivity of the Net Pension Liability to Changes in the Discount Rate	\$ 938,041	\$ 519,063	\$ 161,976

Pension Expense and Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions

F. Community Development Block Grant

The City received a community development block grant in the amount of \$500,000 dated October 7, 2017, for water system improvements. During the fiscal year ended May 31, 2019, there were expenditures of \$478,000.

Grant revenues and expenditures were audited in accordance with standards applicable to financial audits contained in Government Audit Standards, issued by the Comptroller General of the United States.

G. Closure and Postclosure Care Cost

State and federal laws and regulations require the City to place a final cover on its solid waste landfill and to perform certain maintenance and monitoring functions at the site for a period of five years. This 5-year period is an exception to the 30-year period for monitoring landfills granted to those sites which are not contaminating groundwater and which cease to accept solid waste as of April 8, 1994. The City qualified for this exception. Although closure and postclosure care costs will be paid after the date that the landfill stopped accepting waste, the City reports a portion of these costs as an operating expense in this fiscal year, and the balance of the current estimated closure and postclosure costs are recorded as a liability in the Solid Waste Fund, an Enterprise Fund of the City. Estimates must be used and these estimates may change on account of a variety of factors including inflation or deflation, technology, or applicable laws or regulations.

The City and Seminole County, Georgia have an agreement in which the County contributes 60% of the closure and post-closure cost. An intergovernmental receivable is recorded for 60% of the current estimated cost.

CITY OF DONALSONVILLE, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2019

The current estimated closure and post-closure cost at May 31, 2019 for the governmental fund is \$17,434. No capacity remains to calculate the annual accrual due to the closure of the landfill.

H. Motel/Hotel Tax

The City of Donalsonville collected 5% motel taxes and is in compliance with OCGA 48-13-51. The City collected \$33,290 in taxes and expended \$34,162 for economic development, which is 103% of taxes collected. The balance is restricted for economic development.

Actuarially determined contribution	*	\$ 115,599	
Contributions in relation to the actuarially determined contribution	*	115,599	**
Contribution deficiency (excess)	*	-	
Covered-employee payroll	*	1,308,205	***
Contributions as a percentage of covered employee payroll	*	8.84%	

* 2020 information will be determined after fiscal year end and will be included in the 2020 valuation report.

** Contributions are recorded based on date of receipt into the GMEBS trust. Minor timing issues in receipt of monthly payments are not indicative of non-compliance with GMEBS funding policy. A plan is in compliance with the GMEBS funding policy if it pays either the dollar amount or the percentage of employee-covered payroll of the actuarially determined contributions.

*** 2019 covered payroll is based on data collected as of March 31, 2018 for the 2018 actuarial valuation.

CITY OF DONALSONVILLE, GEORGIA
REQUIRED SUPPLEMENTARY INFORMATION - PENSION PLAN
FOR THE FISCAL YEAR ENDED MAY 31, 2019

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date	The actuarially determined contribution was determined as of July 1, 2019, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution will be reported for the fiscal year ending May 31, 2021.
Methods and assumptions used to determine contribution rates:	
Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed level dollar for remaining unfunded liability
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of 11 years.
Asset Valuation Method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Actuarial Assumptions:	
Net Investment Rate of Return	7.50%
Projected Salary Increases	2.75% plus service based merit increases
Cost of Living Adjustments	0.00%
Retirement Age	
age 65-69	60%
70 and over	100%
Mortality	RP-2000-Combined

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Hotel/Motel Taxes- This fund is used to account for the monies received in taxes from the local hotels and motels. These taxes are used for economic development.

Capital Project Funds

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds

CHIP- This fund is used for the collection of Grant Revenues.

TSPLOST - This fund is used for the collection of Special Purpose Local Option Sales Tax. These taxes are used for capital project expenditures.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and City Council
City of Donalsonville, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of United States, the financial statements of the governmental activities, the business-type activities, the discreetly presented component unit, each major fund, and the aggregate remaining fund information of the City of Donalsonville, Georgia, as of and for the year ended May 31, 2019, and the related notes to the financial statements, which collectively comprise the City of Donalsonville, Georgia's basic financial statements and have issued our report thereon dated October 31, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Donalsonville, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Donalsonville, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Donalsonville, Georgia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses and significant deficiencies may exist that were not identified. However, as described below we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described below to be material weaknesses.

Item 2019-1

Finding: Inadequate separation of duties in the Governmental Funds and the Proprietary Funds.

Cause: The City does not have enough staff to segregate the various functions.

Effect: This could result in misappropriation of assets.

Planned Corrective Action: The mayor and council take an active role in reviewing the monthly financials and other monthly checks and balances.

Response by Responsible Officials: The mayor and council are aware of this issue, but it is not economically feasible to correct.

Response by Auditor: We did not audit the entity's response and, accordingly, express no opinion on it.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Donalsonville, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We noted certain other matters that we reported to management of the City of Donalsonville, Georgia in a separate letter dated October 31, 2019.

City of Donalsonville, Georgia's Response to Findings

The City of Donalsonville, Georgia's response to the findings identified in our audit is described above with each finding. The City of Donalsonville, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
