

## **CITY OF DONALSONVILLE SANITATION SERVICES**

The City of Donalsonville provides sanitation services to residents and businesses located in the city. Containers are issued by the City and are serviced on a weekly schedule. The City will only pickup garbage that is placed in city-issued containers and cannot pick up additional bags outside the container or items placed in other containers. Extra pickups and additional containers can be provided for an additional charge. Funeral service pickups are provided by request.

The City of Donalsonville Sanitation Department asks that customers keep the following tips in mind:

- All roll-out containers must be placed by the curb by 8:00 AM on the day of pickup. Customers should move their empty container back to its preferred spot. Do not leave at the curb.
- All bags must be within the container. No bags outside or beside the container.
- The following items should not be placed in roll-out containers: dirt, sod, rocks, concrete, hot ashes, toxic waste, motor oil, filters, building materials, wet-cell batteries, construction debris (remodeling), sinks, bathtubs, dead animals, yard trimmings, large appliances, furniture, playground equipment, automobile tires, wood, metal fences, or loose trash.
- It is the customer's responsibility to keep their container clean.
- Please report any problems, such as broken lids, wheels, or cracked containers to City Hall at (229) 524-2118.

If you have any questions or concerns, please contact the **City of Donalsonville** at **(229) 524-2118**.
